**TURNKEY SOLUTION**

1. Addressable Fire Detection and Warning System
5. LPG Detection and Alarm System.
PRODUCTS

FIRE DETECTORS
- Addressable smoke, heat and multi sensor.
- Addressable smoke, multisensor with sounder.
- Conventional smoke, heat and multi sensor.
- Wireless addressable smoke, heat and multi sensor.
- Standalone smoke and multi sensor.

MANUAL CALL POINT
Addressable, Conventional and Wireless manual call point.

GAS LEAK DETECTORS
Addressable, Conventional and Standalone gas leak detector.

SOUNDER / SPEAKER / TALK BACK UNIT
- Addressable, Conventional and Wireless sounder beacon.
- Addressable speakers, driver unit.
- Addressable talkback unit.

CENTRAL MONITORING SYSTEM

FIRE ALARM PANEL
- Addressable fire alarm, public address and talkback control panel.
- Conventional fire alarm panels.
- LPG leak detection panel.

LINEAR HEAT SENSING CABLE AND INTERFACE UNIT
- Addressable and Conventional analogue and digital interface unit.
- Analogue and digital LHS cable.
